Dedicated to Improving Logistics

WHO ARE WE

Aztec Logistics is an Irish owned and managed Transportation and Logistics Company providing logistics services throughout Ireland. The Company was established in 1994 by Fintan Lalor of Cregboy, Claregalway, Co Galway. Aztec Logistics has evolved over the years from a one man, one van to a successfully run family business.

Through drive and determination to achieve and deliver the very best customer service this small company has grown from strength to strength. Fintan and his dedicated personable relationships with all of his customers have seen the test of time over the last twenty-three years and to this day he still has most of his loyal customers onboard his journey to success.

“ The longevity of our customer base is paramount to the endorsement of our services provided and drives us to continually improve and grow our business.”

Hence the motto for our slogan **“Dedicated to improving Logistics”** and **“Dedicated to Improving Pharmacare”**. Aztec Logistics is a limited company fully owned and run by Fintan and Edel Lalor and their dedicated loyal team of Staff in Oranmore.

// The longevity of our customer base is paramount to the endorsement of our services provided and drives us to continually improve and grow our business. //
